

Factsheet: Tailor-made Tours

Thank you for choosing MOTOBIRDS for your self-guided motorcycle adventure.

This factsheet is intended to provide you with useful information with regard to your forthcoming trip. You will be without a tour guide, and this might be your first time in this area. We believe that the information provided below will help you to prepare well for your journey.

Route and GPX track

You will be getting a set of GPX files to upload in the device you will be using for navigating while on your trip. If you have asked us to organize hotels for you, the track will take you directly to your hotel. Otherwise, it will guide you to the city or location where you could locate accommodation on your own. We also provide GPS coordinates of special sights and attractions along your route.

Please make sure you are comfortable in using the functionalities of your device and you test the track in your device before starting your trip. It also is advisable to have a backup plan, should your device fail during your trip (i.e. other device or phone with relevant app for navigation).

It is better not to rely entirely on your GPS, but to also have a look at maps to familiarize yourself with the area and route before starting your trip.

Accommodation

If you have asked us to book hotels for you, we will provide you with the relevant list of reservations and information which hotels have been paid for in advance. Breakfast will be included in your bookings, but no other meals or drinks.

We will follow your instructions regarding the accommodation standard. We select places that will give you a special feel, while remaining in the budget you have chosen.

If you have chosen to pick your own accommodation during your trip, please bear in mind that in some locations the room availability may be limited.

Attractions

If there are attractions or activities subject to additional charge along your route, we will clearly indicate what these are. If possible, we can book them in advance for you, at your request. However, the cost of these attractions or activities is not included in your tour price.

Luggage & support vehicle

On request, we can arrange a support car for you with a driver who will accompany you during the trip. This cost will be included in the fee for your trip, you will have to pay the driver for fuel on the spot.

A support car is available for luggage transportation. However, MOTOBIRDS is not responsible for lost or damaged items.

The riding day

We recommend that you start your riding day no later than 8:30 am, but the sooner the better. You will have enough time to leisurely reach your destination and enjoy the views. If there is no lunch option during the day, we will mention it in the prepared notes to allow you to arrange your food in advance. If there are limited places to eat during the day, this will also be marked and available restaurants indicated by GPS location. On sections of the route where food availability is not a problem, we do not provide restaurant recommendations, unless requested to do so.

Safety, traffic regulations & road conditions

You are responsible for your own safety. Remember that it is your responsibility to follow local laws. You should also correctly assess your motorcycle driving skills. When preparing the route for you, we will use the information and guidelines you provide. However, road and weather conditions can change dramatically, which has a major impact on the condition of roads.

MOTOBIRDS is not responsible if your skills, endurance or physical condition prove to be insufficient to follow the route. It is also not responsible for the motorcycle, mechanical faults, weather, social conflicts or any other circumstances beyond the control of MOTOBIRDS that may prevent you from completing part or all of the route.

Tolls, ferries, etc.

The cost of road tolls, ferries, etc. is not included in the tour price.

Emergency number

Someone will be available to assist you in case of emergency along your route. Please save the number in your contact list before starting your trip.

MOTOBIRDS phone number: +48 739 299 907

Additional information

Along with the tour description and tracks, you will be provided with:

- Country specific information;
- Packing tips;
- Suggested service points for your bike along the route.

Insurance & visas

Travel insurance and visas, if required, must be arranged on your own. Make sure you have enough time to obtain these documents.

At your request, we can help with the organization of visas and offer travel insurance.

Additional information

Reach out to us by phone or email should you any additional questions before or during your trip.
